IMPACT OF THE COVID-19 PANDEMIC ON THE BUSINESS

On 25th March, 2020, the Government of India declared this pandemic a health emergency and ordered temporary closure of all non-essential businesses, imposed restrictions on travel, etc. Therefore, the company being in the Tour and Travel industry, COVID-19 had a significant and huge impact on us. In the back drop of national lock-down declared by the Government of India, the Company's national as well as international operations are adversely affected. As a result of this, profitability of the Company has also been adversely affected. However, profitability impact in Financial Year – 2019-20 would be minimal, as it struck towards the end of March 2020, but there will be huge adverse impact on profitability in Financial Year – 2020-21.

Due to adverse effect of this CoVid-19 on Tour & Travel industry, the demand from customer is negligible or we can say almost NIL, hence there are no business operations in our sector. Due to travel restrictions, there are no bookings for any holiday package.

In compliance with the directions issued by Central Government/State Government/Municipal Corporations with a view to prevent and contain the spread of COVID-19, the Company had temporarily shut down its office from 23rd March, 2020 to ensure the safety and well-being of all its employees, customers and other stakeholders. Moreover, due to NIL business and increasing COVID-19 cases, we are not opening our Office now. However, some employees are working from home. We would start our office operations, once the demand for our products rises in the market and once the CoVid-19 situation is under control.

It is hoped that normalcy will gradually return in about 3 to 4 months time. Nevertheless, the pandemic and resultant economic restrictions will have a severe impact on the company's operations in the current year.

The business of the company has been affected due to Lockdown, but we are expecting further improvements as states and countries are continuously announcing relaxations and taking steps to improve trade and commerce. We are working on all the possible ways to cope up with the current scenario.

The Company is prominently engaged in tours and travels activities. It is engaged in providing air ticketing services, hotel booking, car booking, tour package as well as other services. The Company has no restrictions regarding its working and the domain of its operations lays for the whole world. The basis of clientele is from India only and we provide all kind of outbound and domestic services. It is working actively to provide benefits to the service industry. Gradually, the Company has expanded its business domain and focusing on newer horizons to increase the market area.

2. Opportunities and Threats

Tourism & Hospitality sector has been the harbinger of 'more inclusive growth' in India by promoting other industries in the economy through backward and forward linkages and generating employment in various sectors such as hospitality, travel, and entertainment, wellness and other sectors. A series of promotional activities have been undertaken by Ministry of Tourism (MoT) in important and potential markets overseas through India Tourism offices abroad with the objective of showcasing India's tourism potential to foreign tourists.

Despite the inherent challenges faced by the industry, the expectations on performance are positive and the industry is poised to grow, outpace the past growth trends and remain a leading generator of revenue and jobs. There has been an up-trend in tourism in the recent past, especially in the middle class and upper middle class traveller segment. International travel for short breaks has become common. Tourists have a wide range of budgets and tastes, and a wide variety of choice. New emerging markets and consumer segments will continue to fuel the Industry's growth trajectory.

The Covid-19 pandemic has caused unprecedented disruptions across the globe as countries imposed restriction on mobility and economic activity to contain the health emergency. In India, a strict nation-wide lockdown was imposed starting 25 March 2020, which resulted in significant loss. Although the restrictions have eased since mid-May, there is considerable uncertainty regarding the future course of the pandemic and the time it will take for the situation to get back to normal.

3. Industry

The Travel and Tourism industry is a diversity of businesses, services, organizations and communities encompassing domestic, inbound, and outbound travel for business, leisure, MICE, visiting friends and relatives, spiritual or business leisure and hence its stakeholders include businesses, governmental agencies, educational institutions, communities, and citizens across the globe.

The contribution of the industry to each country is significant- both economic and social development; opening up business, trade and capital investment, creating jobs and an entrepreneurial workforce and protecting heritage and cultural values. Today, tourism is a major source of income for many countries, impacting the economy of both the source and host countries.

Travel and Tourism industry is an important, even vital mode of income generator for many countries. Its importance was recognized as an activity essential to the life of nations because of its direct effects on the social, cultural, educational, and economic sectors of national societies and on their international relations. The service industries which benefit from tourism include transportation services, such as airlines, cruise ships, and taxicabs; hospitality services such as accommodations, including hotels and resorts; and entertainment venues, such as amusement parks, casinos, shopping malls, music venues and theatres. This is in addition to goods bought by tourists, including souvenirs, clothing and other supplies.

Tourism has become a popular global leisure activity. Tourism can be domestic or international, and international tourism has both incoming and outgoing implications on a country's balance of payments. Today, tourism as a major source of income for many countries, affects the economy of both the source and host countries.

4. Risks and Concern

On 25th March, 2020, the Government of India declared this pandemic a health emergency and ordered temporary closure of all non-essential businesses, imposed restrictions on travel, etc. Therefore, the company being in the Tour and Travel industry, COVID-19 had a significant and huge impact on us. In the back drop of national lock-down declared by the Government of India, the Company's national as well as international operations are adversely affected. As a result of this, profitability of the Company has also been adversely affected. However, profitability impact in Financial Year – 2019-20 would be minimal, as it struck towards the end of March 2020, but there will be huge adverse impact on profitability in Financial Year – 2020-21.

Due to adverse effect of this CoVid-19 on Tour & Travel industry, the demand from customer is negligible or we can say almost NIL, hence there are no business operations in our sector. Due to travel restrictions, there are no bookings for any holiday package.

In compliance with the directions issued by Central Government/State Government/Municipal Corporations with a view to prevent and contain the spread of COVID-19, the Company had temporarily shut down its office from 23rd March, 2020 to ensure the safety and well-being of all its employees, customers and other stakeholders. Moreover, due to NIL business and increasing CoVid-19 cases, we are not opening our Office now. However, some employees are working from home. We would start our office operations, once the demand for our products rises in the market and once the CoVid-19 situation is under control.

Company has a Risk Management Committee to look after the risk related matters of the Company. Risk Committee meetings are held at regular intervals to address the risk issues relating to various businesses and support areas and monitor critical risk factors in order to effectively address them. Risk Management limits on foreign exchange exposure and credit limits for counter parties are set and reviewed periodically. Your Company considers reviewing current practices on risk management initiatives to strengthen the risk management framework.

5. Internal Control System and their Adequacy

Internal Control Systems are embedded in all processes across all functions in your Company. These systems are being reviewed regularly and whenever necessary, they are modified or redesigned to ensure better efficiency, effectiveness and improved controls. The application systems for individual businesses are backed by an integrated Accounting System. These integrated systems form part of the overall control environment.

Process and systems are subject to Internal Audit through an annual internal audit plan. These are further supported by the Statutory Auditors who validate that the financial reporting is true and fair. The results of all audits are discussed with the Senior Management and reviewed by the Audit Committee. The Audit Committee meetings are held every quarter.

6. Financial Performance

Share Capital

The Paid up Share Capital of the Company as on 31st March, 2020 stands at Rs. 5,57,85,000 (Rupees Five Crores Fifty Seven Lakhs Eighty Five Thousand) divided into 5578500 (Fifty Five Lakhs Seventy Eight Thousand Five Hundred) equity shares of Rs. 10/- each fully paid up.

The Reserves and Surplus is Rs. 55,65,218.14 (Fifty Five Lakh Sixty Five Thousand Two Hundred Eighteen and Fourteen Paise) as on the end of the Current year.

Total Income

During the year under consideration, total income was Rs. 1,19,43,104.69 (One Crore Nineteen Lakhs Forty three Thousand One Hundred Four and Sixty Nine Paise Only)

Due to adverse effect of this CoVid-19 on Tour & Travel industry, the profitability impact in Financial Year – 2019-20 would be minimal, as it struck towards the end of March 2020, but there will be huge adverse impact on profitability in Financial Year – 2020-21.

Opinion

We have audited the accompanying standalone financial statements of **M/s VMV Holidays Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 31 to the Financial Results, which describes the uncertainties and the impact of Covid-19 pandemic on the Company's operations and results as assessed by the management. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined that no key audit matters to be communicated in our report.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements
